Nominal Hour and related costs for enrolment or RPL for individual units of competency can be obtained by contacting a member of the Education, Training and Workforce Team.

Notes:

(1) Total Nominal Hours is based on core units of competency and pre-determined elective units of competency. Nominal hour range may vary from student to student (i.e. if a student is able to receive Credit Transfer for a unit of competency it will reduce the total nominal hours and elective choices impact hour range).

(2) Materials Fees refers to additional costs involved in undertaking the training course. This may include such things as physical resources (i.e. stationery) or necessary third-party fees (i.e. Working with Children background screening applications). Details of associated material costs will be included in the Course Guide and actual costs will be advised prior to enrolment.

Details on invoicing and payment of fees will be provided prior to enrolment and can be found in AHCSAs RTO Fees and Charges Policy on our website or by contacting a member of the Education, Training and Workforce Team.
