

ORANGE ZONE

People entering this zone must be trained AND wear at a minimum the recommended PPE as below

1. Hand hygiene

2. Particulate filter respirator (PFR)*
e.g. P2/N95 respirator or equivalent

3. Goggles, safety glasses
and/or face shield

4. Physical distance

Note: A gown and gloves are to be worn when within 1.5m proximity to persons (including their environment/objects) who are subject to quarantine.

*PFRs must be fit checked each time they are put on. Fit testing is a requirement of the Australian Standard AS/NZS 1715:2009

[^]Instructions for use: CQSA Signs are to be displayed as per SA Health guidelines and risk assessment
