

# Get Vaccinated Against Measles

The measles vaccine is the best way to protect yourself and your family from measles, and stop measles in its tracks.

## The vaccine is free for:

- kids – at 12 and 18 months, or for older kids who haven't had two measles vaccinations.
- adults – born after 1965 who haven't had two measles vaccinations

If you were born after 1965 – ask the clinic if you need a measles vaccine.

Have a yarn, make your choice.

# Have You Had Your Two Doses?

## Get Vaccinated Against Measles

**The measles vaccine is the best way to protect yourself and your family from measles, and stop measles in its tracks.**

**The vaccine is free for:**
